Choice of Rooms Will be First Come First Serve

The idea behind the room design/decorating contest has many important components. Our goal is to;

- Get as much community involvement and buy in as possible.
 - Provide the opportunity for groups of people to pull together with a common goal.
 - Give groups in Midland County the opportunity to get involved in a meaningful way.
 - Give the apartments a very homey individual feeling.
 - Let our residents know that our community cares about them in a very personal way.
 - Have fun working together on an important project.
 - Provide the opportunity for small groups and churches to get involved in a big way for little cash.
